ABOUT THE WINE

This is the first vintage of our Reserve Pinot Gris. Our motivation was some exceptionally good fruit that we received from one grower, which we fermented separately and carefully nurtured into this delicious wine. On the label we feature the painting "Autumn Light" by Penticton artist Dave Nicholas.

TASTING NOTES

When Pinot Gris is first fermented the wine has a distinctive pink colour, most of which falls out when the wine is fined, but there is still a hint of pink in this finished wine. It has aromas of apples and Anjou pear with hints of clover honey. It has supple flavours of pears and apples and finishes with a refreshing hit of lemon zest. It has a marvelous balance of weight and texture in the mouth.

FOOD PAIRINGS

Enjoy it with bouillabaisse, chicken Florentine or an afternoon picnic lunch.

ABOUT THE WINERY

Red Rooster Winery is located above Okanagan Lake on the Naramata Bench, just north of Penticton. This area is famous for its southwestern exposure and unique microclimate.

Our winery was originally located north of our current location, where we released our first wines from the 1997 vintage. The current winery was opened in June 2004. The tasting room and gallery displays local artists' work throughout the year.

And why a rooster? Because the winery's founders kept Rodiseland Reds in Switzerland; because roosters are good luck symbols in many cultures; and because roosters have a long association with wine (for example, the rooster is the symbol of the Chianti region of Italy).
